DuPage River Salt Creek Workgroup

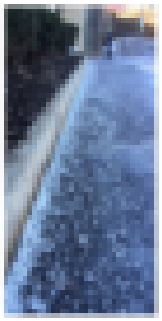
Winter 2019

Letter from the President

Dear Readers,



Left: Underwater trafficking on the Salt Creek

-David Gorman, President

New Chloride Regulations on Private Industrial Facilities

- Visiting your website that contains detailed information and educational materials [redacted] to help you understand your chloride reduction options.
- Participating in a workshop that will be held in your area in the spring of 2019 to learn more about the new regulations and how to comply.
- Participating in a one-on-one meeting with a member of the Workgroup staff to discuss your specific situation and develop a compliance strategy.
